## You have been selected to assess the activities of the police in Finland – answer online!

The survey collects important information about the everyday safety of people living in Finland and attitudes towards the activities of the police. The questions concern life in the family circle, at work and during free time.

Statistics are compiled from the received responses. The results will be utilised in planning measures to promote the safety and well-being of Finnish residents and to support decision-making. **Your participation is important even if you have no personal experience about the activities of the police.**

### It is easy to respond

- **Respond to the survey online within one week.** A link to the web form and your personal identifiers can be found in the box at the top of the letter. Responding takes about 15 minutes.
- If you rather answer the inquiry on a paper form, we will send one to you later.

### You are irreplaceable as a respondent

A total of 8,500 persons aged 15-79 were selected at random to the survey. You are one of them. In the survey you represent persons in your age group and living in your area. **No one else can replace you.**

We appreciate your response!

The survey is commissioned by the Ministry of the Interior and carried out by Statistics Finland in cooperation with the Police University College. Statistics Finland produces statistics and conducts surveys describing conditions in society.

### We ensure that your data are protected

We handle your responses in a confidential manner. Statistics Finland's employees are obliged to secrecy. The information you provide will be used only to produce statistics. It is not possible to identify persons having participated in the survey from the statistical data. Statistical data can be released only for statistical surveys and scientific research.

After the survey ends, the research data will be transferred to the Finnish Social Science Data Archive where the data are archived without personal data enabling direct identification. The Data Archive verifies that the data have been appropriately anonymised and modifies the data so that they are suitable for long-term storage and further use in scientific research and teaching. Further information available on the reverse of the letter.

**Grounds for processing personal data**

Conducting scientific research in public interest on the basis of Section 4, Paragraph 3 of the Data Protection Act.

**Data to be combined with the collected data**

To facilitate answering, the collected data are supplemented with register data. The data are processed so that you cannot be identified from the completed statistical data. The data to be combined are: registered sex, age, education and municipality of residence.

**Data protection description of the data collection**

More detailed information about the processing of your personal data is available here: [intermin.fi/en/data-protection](https://intermin.fi/en/data-protection)

**Contact information of the Data Protection Officer**

Statistics Finland: tietosuoja@stat.fi  
Ministry of the Interior: tietosuojavastaava.sm@govsec.fi

**Source for contact information**

Address data: Statistics Finland's database based on the Population Information System. Contact information will not be released outside Statistics Finland.

**Further information about the survey and inquiries**

Further information about the survey is available on the Internet at: [www.stat.fi/poliisibarometri](https://www.stat.fi/poliisibarometri)  
You can contact us by email: [poliisibarometri@stat.fi](mailto:poliisibarometri@stat.fi). Further information about the content of the survey is also available by telephone +358 295 483 806/Matti Vuorensyrjä, researcher, Police University College or by email: [matti.vuorensyrja@poliisi.fi](mailto:matti.vuorensyrja@poliisi.fi)

Thank you for your cooperation.

Jussi Heino  
Head of Department  
Statistics Finland
